Yangtze University

Admission of Students for Ph.D. Degree and Master's Degree with Scholarship in 2015 Fall semester

About Yangtze University

Yangtze University is a multidisciplinary comprehensive institution of higher learning with strong supports of Hubei province, China. Hubei Provincial Government gives its priority to run the institution. China National Petroleum Corporation, China Petrochemical Corporation, China National Offshore Oil Corporation and Hubei Provincial Government are working together to boost the development of the university. Hubei Provincial Government and Ministry of Agriculture, China also have a special scheme to co-construct Yangtze University.

Yangtze University is located in the famous ancient historic and cultural city of Jinzhou, China and it has a teaching and research campus in Wuhan city, the capital of Hubei province, China. Its campuses cover an area of 251 hectares with floor space of 1,456,000 square meters.

Yangtze University has 2 post-doctor stations, 15 PhD programs, 128 master's programs and 94 undergraduate programs covering 11 disciplines including economics, law, education, literature, history, science, engineering, agriculture, medicine, management and art.

More than 1200 international students from 20 countries are studying in Yangtze University now.

About School of Petroleum Engineering, Yangtze University

School of Petroleum Engineering, Yangtze University was established in 1978. The School has 5 departments: Department of Oil-Gas Well Engineering, Department of Oil and Gas Field Chemical Engineering, Department of Oil-Gas Field Development Engineering, Department of Offshore Oil and Gas Engineering and so on.

The School has 76 faculty and staffs, including 22 professors, 17 associate professors, 9 doctoral supervisors. There are 1840 undergraduates, 259 postgraduates and 25 doctors in different departments.

School of Petroleum Engineering offers the scholarship for the following Ph.D. degree programs and Master's degree programs.

Ph.D. Degree Programs	Duration
Oil-gas Well Engineering	Three years
Oil-gas Field Development Engineering	Three years
Oil-gas Well Engineering	Three years
Oil-gas Field of Applied Chemistry	Three years

Master's Degree Programs	Duration
Oil-gas Well Engineering	Three years
Oil-gas Field Development Engineering	Three years
Oil-gas Well Engineering	Three years
Oil-gas Field of Applied Chemistry	Three years
Oil and Natural Gas Engineering	Three years

All above programs can be taught in English, and the scholarship for above programs includes free tuition and free accommodation.

School of Geophysics and Petroleum Resources

School of Geophysics and Petroleum Resources, Yangtze University was established in 1978. The School has 3 departments: Department of Geoexploration, Department of Log Information Engineering, Department of Solid Geophysical.

The School has 71 faculty and staffs, including 23 professors, 20 associate professors, 6 doctoral supervisors and 25 master's supervisors.. There are more than 1100 students in different departments.

School of Geophysics and Petroleum Resources offers the scholarship for the following Ph.D. degree programs and Master’s degree programs.

Ph.D. Degree Programs	Duration
Geodetection and Information Technology	Three years
Geophysical Log	Three years

Master’s Degree Programs	Duration
Solid Geophysics	Three years
Space Physics	Three years
Mineralogy, Petrology, Mineral Deposit Geology	Three years
Computer Science and Technology	Three years
Signal and Information Processing	Three years
Geodetection and Information Technology	Three years
Geophysical Log	Three years
Geological Engineering	Three years

All above programs can be taught in English, and the scholarship for above programs includes free tuition and free accommodation.

School of Geosciences

School of Geosciences, Yangtze University was established in 1978. The School has 3 departments: Department of Petroleum, Department of Geology, Department of Geographic Information.

The School has 89 faculty and staffs, including 37 professors, 29 associate professors, 10 doctoral supervisors and 47 master's supervisors. There are more than 2500 students in different departments.

School of Geosciences offers the scholarship for the following Ph.D. degree programs and Master's degree programs.

Ph.D. Degree Programs	Duration
Mineral Resource Prospecting and Exploration	Three years

Master's Degree Programs	Duration
Cartography and Geography Information System	Three years
Geochemistry	Three years
Paleontology and Stratigraphy	Three years
Architectonic Geology	Three years
Quaternary Geology	Three years
Mineral Resource Prospecting and Exploration	Three years
Geological Engineering	Three years

All above programs can be taught in English, and the scholarship for above programs includes free tuition and free accommodation.

About School of Agriculture, Yangtze University

School of Agriculture, Yangtze University was established in 1977. The School has 3 departments: Department of Agriculture, Department of Seed Science and Engineering, Department of Plant Protection & Agricultural Resources and Environment.

The School has 84 faculty and staff among which there are 56 full-time teachers, including 20 professors and 15 associate professors. 45 teachers are Ph.D. degree holders. There are 2 full-time Chutian program scholars, 3 specially invited Chutian program scholars, 1 part-time academician and 1 Hundred Talents Program scholar.

The School of Agriculture offers the scholarship for the following Ph.D. degree programs and Master's degree programs as follows.

Ph.D. Degree Programs	Duration
Crop Science	Three years
Agricultural Geology	Three years
Horticultural Plant Resources and Utilization	Three years

Master's Degree Programs	Duration
Crop Science	Three years
Agricultural Geology	Three years
Horticultural Plant Resources and Utilization	Three years
Plant Protection	Three years
Seed	Three years

All above programs can be taught in English, and the scholarship for above programs includes free tuition and free accommodation.

About School of Animal Science, Yangtze University

School of Animal Science, Yangtze University was established in 1985. The School has 3 departments: Department of Agriculture, Department of Seed Science and Engineering, Department of Plant Protection & Agricultural Resources and Environment.

The school now has 44 full-time teachers, including 7 professors, 20 associated professors, 12 master student supervisors. Nearly 61.3% full-time teachers have senior professional titles. The college has 16 on-job Ph.D. candidates and 5 Ph.D. candidates. In the professional teachers, the professor Yang Daiqing is provincial academic leaders, selected as the person of secondary level of high level talents project in new century in Hubei province, elected as state class young and middle-aged experts with outstanding contribution in 2004.

The School of Animal Science offers the scholarship for the following Master's degree programs as follows.

Master's Degree Programs	Duration
Aquaculture Science	Three years
Fishery Science	Three years

All above programs can be taught in English, and the scholarship for above programs includes free tuition and free accommodation.

School of Horticulture and Gardening

School of Horticulture and Gardening, Yangtze University was established in 1985. The School has 2 departments: Department of Horticulture, and Department of Landscape.

In 2012, the Ministry of Education released the latest appraisal of all the first-level disciplines and the landscape Architecture of the School ranked No. 7 in the nation. The landscape Architecture in First Level Disciplines is also the Cultivation of Hubei province key discipline.

The School employs 48 full-time faculty members including 10 professors and 16 associate professors. Its full-time student body is about 1000, including postgraduates, undergraduate students. In the School, there is 1 discipline approved for Chutian Scholar positions, in which 1 Distinguished Professors, 3 chair professors and lecture professors are invited.

The School of Horticulture and Gardening offers the scholarship for the following Ph.D. degree programs and Master's degree programs as follows.

Ph.D. Degree Programs	Duration
Horticultural plant resources and utilization	Three years

Master's Degree Programs	Duration
Landscape Gardening	Three years
Horticultural plant resources and utilization	Three years
Horticulture	Three years

All above programs can be taught in English, and the scholarship for above programs includes free tuition and free accommodation.

About School of Chemistry and Environmental Engineering, Yangtze University

School of Chemistry and Environmental Engineering, Yangtze University was established in 1978. The School has 7 departments: Department of Chemistry, Department of Applied Chemistry, Department of Polymer, Department of Environmental Engineering, Department of Teaching, Department of Teaching, Department of Experiment Center.

The School has 105 faculty and staff, including 28 professors and 27 associate professors. 20 teachers are Ph.D. degree holders. There are more than 1600 undergraduates and 100 postgraduates in different departments.

School of Chemistry and Environmental Engineering offers the scholarship for the following Master's degree programs as follows.

Master's Degree Programs	Duration
Environment Science	Three years
Environment Engineering	Three years
Chemical Technology	Three years
Biochemical Engineering	Three years
Applied Chemistry	Three years
Industrial Catalysis	Three years
Material Chemistry	Three years
Chemical Engineering	Three years

All above programs can be taught in English, and the scholarship for above programs includes free tuition and free accommodation.

About School of Mechanical Engineering, Yangtze University

School of Mechanical Engineering, Yangtze University was established in 1985. The School has 8 departments: Department of Mechatronics Engineering, Department of Materials Engineering, Department of process equipment, Department of industrial design and so on.

The School has 96 faculty and staff among which there are 75 full-time teachers, including 18 professors, 21 associate professors, 6 doctoral supervisors and 17 master's supervisors.

School of Mechanical Engineering offers the scholarship for the following Ph.D. degree programs and Master's degree programs.

Ph.D. Degree Programs	Duration
Petroleum Mining Machinery	Three years

Master's Degree Programs	Duration
Mechanical Manufacture and Automation	Three years
Petroleum Mining Machinery	Three years
Mechanical Engineering	Three years
Fluid machinery and Engineering	Three years
Oil-gas Equipment in Safety Engineering	Three years
Mechanical Design and Theory	Three years
Mechatronic Engineering	Three years
Mechanical Manufacture and Automation	Three years

All above programs can be taught in English, and the scholarship for above programs includes free tuition and free accommodation.

长江大学

Yangtze University

In 2015, Yangtze University is going to offer scholarships to seek applicants with exceptional ability and the motivation to succeed in the research-oriented Ph.D. degree and Master's degree programs. **The applicants from universities and colleges are preferential.**

The scholarship for above programs includes free tuition and free accommodation. Eligible students will pay the following fees:

1. Application and registration fee: CNY 800
2. Residence permit: CNY 500 per year
3. Physical Exam: CNY 300
4. Medical insurance: CNY 700 per year
5. Deposit for textbooks: CNY 500

Total: CNY 2800 \approx USD 470

They are responsible for their travel, meals and other accidental expenses.

Checklist of documents

1. Yangtze University Application Form([Download](#))
2. Degree certificate
3. Official transcript of higher learning institution
4. Photocopy of passport
5. Personal statement
6. Two letters of recommendation

Note:

The above documents can be scanned and sent by email to International Students Office, Yangtze University at **fao@yangtzeu.edu.cn**. The original copies can be submitted by admitted students to the Office after arrival.

Please name all documents and send documents (Yangtze University Application Form should be in Word format) in JPG, not PDF. Government's system only accepts JPG and Word format documents, because the government will check all electronical documents online.

Yangtze University

Admission Procedure

The application for admission will be reviewed soon after all documents are received. The results of the applications will be informed via email within 2 weeks after the required documents are checked by the supervisor.

When applicants are accepted, the International Office, Yangtze University will process and send the applicants the following visa papers.

- a. Yangtze University Admission Notice
- b. Foreign Students Application Forms for Entry Visa to China (JW 202 FORM)

The admitted students should hold the Admission Notice, JW 202 Forms and other documents for entry visas to Chinese Embassy or Consulate in their countries.

Registration

When arriving at Yangtze University, the students must submit:

- a. Admission Notice
- b. JW 202 Form
- c. Passport
- d. 12 photos
- e. Original transcripts and certificates

All required fees should be paid on time.

The students will be taken to receive physical examination at designated organization usually within the first week after their arrival. With the official certificate of health issued by the designated organization, the students will be led to apply for residence permit at Public Security Bureau.

For more information, please feel free to contact International Office, Yangtze University by telephone at 0086-716-8060267 or by email at fao@yangtzeu.edu.cn. For more information of Yangtze University, please visit <http://english.yangtzeu.edu.cn/>
